TO WHOM IT MAY CONCERN

Mr KWONG Wang Shun, Matthew

This is to certify that Mr KWONG Wang Shun, Matthew has worked for Hong Kong Hospital Authority (HKHA) as programmer from 15-July-2019 to 31-Mar-2022.

During his tenure, Matthew worked in Service Centre Team (Database Management System) and his main duty was to develop and maintain MySQL database platform and Delphix database virtualization system. He demonstrated his exceptional technical knowledge and problem-solving skills.

He also develops different internal system including technical dashboard, inventory system, health check system and API for supporting database management in HKHA.

I appreciated his fast learning abilities and dedication of Matthew. He also has a high sense of responsibility and copes well under pressure. I am pleased in recommending him without hesitation.

Yours Truly,

Systems Manager

Service Centre Services (Database Management System)

Chris WONG
